Details on back...

Youth Philanthropy Grants Program

of the Fremont Area Community Foundation

The Fremont Area Community Foundation's Youth Philanthropy Grants Program is an exciting opportunity for youth to use their creativity, compassion, and talent to make a difference in their community.

We are looking for projects that help our communities grow and change for the better and are philanthropic in nature. Philanthropy is a big word but can easily be understood as "giving of your time, talents and treasure for the benefit of all."

We are looking for ideas that have a positive impact in the community, take place in the Fremont area, are charitable in nature, and engage young people in philanthropy. Examples of past projects include:

- *Creating kits for those who can't afford personal hygiene products*
- *Building a "my little library" to educate students about pollinators*
- *Collecting blankets to be given to children and the elderly*
- *Providing STEM kits to children at Care Corp's LifeHouse*
- *Shopping for Christmas gifts for families in need*

Your idea could be something you've been thinking about for a while or a completely new idea - as long as it benefits others. You could save something, create something, or change something. How are you going to make a difference in our community?

**Tell us about your project idea! Complete the grant application and e-mail it to us at the Fremont Area Community Foundation.
E-mail: info@facfoundation.org**

You might receive up to \$1,000 to help complete the project!

Visit the Fremont Area Community Foundation's website to learn more about this exciting opportunity at www.facfoundation.org/YPG or call 402-721-4252.

There are many organizations and service clubs that exist to help strengthen our community in different ways. Some help prepare kids for success in school. Some provide shelter to people who are homeless. Others help animals find permanent, loving homes. If you think your project idea might help one of these organizations do its work better, let us know. We will help pair you with a club or organization that will serve as your mentor and help you complete your application and/or project.
